ABOUT AXENRO

Axenro is a global technology company specializing in AI automation, web development, digital transformation, and intelligent business solutions. We help startups, businesses, and organizations streamline operations, enhance customer experiences, and accelerate growth through modern technology.

Our expertise includes AI-powered automation, custom web applications, business process optimization, content strategy, and technology consulting. At Axenro, we believe innovation should create measurable impact. Our mission is to help businesses move faster, work smarter, and grow sustainably in the digital era.

WHY CHOOSE AXENRO

>> Global Perspective

Serving clients worldwide with diverse industry expertise.

>> Innovation

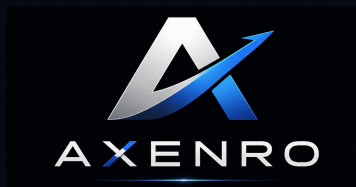

Always ahead. Always evolving with cutting-edge technology.

>> Quality &

Built on trust. Delivered with excellence.

>> Client Success

Your growth is our mission. We measure success by your results.

Accelerating Innovation. Delivering Growth.

1ST PRIORITY: DEVELOPMENT SUPPORT

End-to-end development support for businesses that need reliable engineering capacity without the overhead of hiring. We integrate seamlessly with your team.

Custom AI Application

- > AI chatbots, AI assistants, AI dashboards, internal AI tools, customer support agents

Custom Web Application

- > React, Next.js, Node.js, Python (Django/FastAPI), Laravel/PHP, .NET, Admin Panels, Web Portals

API Development &

- > REST APIs, GraphQL APIs, third-party integrations, webhooks, authentication systems

Frontend

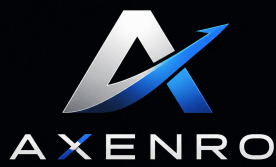

- > React UI, dashboards, admin panels, responsive interfaces

Backend

Python, Node.js, Java, Golang, C#, databases, authentication, security

QA & Testing

Manual testing, API testing, automation testing, performance testing

Accelerating Innovation. Delivering Growth.

2ND PRIORITY: TECHNICAL PARTNERSHIP

Strategic technical partnerships for businesses seeking long-term technology collaboration. We become your extended tech arm.

=> AI Agent Integration

CRM integrations, ERP integrations, HR systems, email systems, Slack/Microsoft Teams, WhatsApp integrations

=> Custom Connector Development

Bespoke connectors between your existing tools and new platforms

=> DevOps & Cloud

AWS, Azure, Google Cloud, Docker, Kubernetes, CI/CD pipelines

=> Digital Strategy

Strategy, innovation, measurable growth planning

3RD PRIORITY: RECRUITMENT SERVICES

Dedicated development team augmentation. If you need additional engineering capacity, we provide dedicated remote developers who work as an extension of your engineering team.

=> Dedicated Developers

Full-time remote engineers integrated into your workflow

=> Team Scaling

Rapidly scale your engineering team up or down based on project needs

=> Skill Matching

We match developers with your exact tech stack and culture requirements

Accelerating Innovation. Delivering Growth.

OUR TECHNOLOGY STACK

Frontend	React, Next.js, Vue.js, Tailwind CSS, TypeScript
Backend	Node.js, Python (Django/FastAPI), Java, Golang, C#, .NET
AI / ML	OpenAI, LangChain, Llama, Groq, TensorFlow, PyTorch
Databases	MongoDB, PostgreSQL, MySQL, Redis, Firebase
Cloud / DevOps	AWS, Azure, GCP, Docker, Kubernetes, CI/CD
Mobile	React Native, Flutter

INDUSTRIES WE SERVE

Healthcare | Fintech | E-commerce | SaaS | Education | Real Estate | Logistics | Manufacturing | Startups | Enterprise

OUR PROCESS

1. Discovery & Consultation - Understanding your business needs
2. Proposal & Planning - Detailed scope, timeline, and pricing
3. Development - Agile sprints with weekly updates
4. Testing & QA - Rigorous quality assurance
5. Deployment - Smooth production launch
6. Support - 30-day free post-launch support

LET'S BUILD TOGETHER

Accelerating Innovation. Delivering Growth.
